Hello, I'm Juan, based in Denmark. I'm a website developer expert with 5 years of experience in the field, I can quickly create websites using several technologies, also multimedia design.

Work Experience

Web Developer
2015 - 2024

I have been creating webpages since 2015, in my IT Technician School. Using HTML, CSS, JS, React, etc.

Designer
2012 - 2024

I have been working as video editor all my life as a second income, I really enjoy editing videos.

Web Developer
2023 - 2024

I have been following the Hack Your Future lessons, and learning about how they teach. Doing some projects aswell.

My Portfolio
2024 - 2024

I created my own portfolio where I show all my skills, since I realized that was very VERY important in order to apply to a job.

Immense Festival
2023 - 2024

I created a web-page as a project for the very famous event, called Immense Festival.

Windingo
2023 - 2023

I created a web-page to Windingo, a professional videogames organisation, with a showcase of every player, and a lot of functions I added.
